Product Vision:

Element	Description
For	Busy London households and flat sharers
Who	Throw away food they forgot they bought
Our Product	PantryPal: a mobile app that tracks the food in your kitchen
That	• Scans grocery receipts to log food in under 10 seconds • Sends a use by alert 2 days before food expires • Suggests recipes using what is already in the fridge
Unlike	Shopping list apps that stop helping at the checkout
(Our Product)	**PantryPal SMART goals:** • Cut each user' s food waste by 30% within 6 months of sign up • Reach 10,000 active London users by December 2027 • Hold 40% 30 day retention and a 4.5 star rating by June 2027

Elevator Pitch:

For busy London households who throw away food they forgot they bought, PantryPal is a mobile app that tracks what is in your kitchen. It scans receipts, warns you 2 days before food expires and turns leftovers into recipes. Unlike shopping list apps that stop at the checkout, PantryPal aims to cut each user' s food waste by 30% within 6 months.
